COMMITTEE MINUTES

The school has not yet received rubric feedback from the Minnesota Department of Education on Athlos Leadership Academy's most recent annual World's Best Workforce Report. With that, the committee was unable review MDE's feedback at today's meeting in order to take that into consideration when looking toward planning for Athlos Leadership Academy's 2022-2023 World's Best Workforce Plan.

The committee discussed pandemic-related impacts on student success. Jen Geraghty shared out on current information from the state as well as plans for next year to address those impacts. Social-emotional impacts of the pandemic were discussed alongside current plans to address needs. Successes of the middle school intervention program were shared along with goals for the upcoming year. The committee discussed the successes and impacts of distance learning on students and staff.

The committee reviewed the 2021-2022 Worlds Best Workforce Plan. Though data is currently not available to determine successes, it was noted that closing the gap will be a goal due to pandemic-related factors.
